If you would like to have wine served during your wedding breakfast and a toast drink for your speeches, we recommend half a bottle of wine per person and one glass of bubbly to toast.

You may prefer to have alternative drinks served during the wedding breakfast - either instead of, or in addition to wine. Popular choices include buckets of beers, ales & ciders on the tables, cocktails or a gin bar. You can mix and match to offer a variety of different drinks to your guests. Please speak to us if you have something different in mind and we'll happily provide a bespoke price.
