

PARTY & WEDDING PIZZAS

ST TEWDRICS HOUSE 2021 & 2022

Here's a quick guide to help you plan and budget for your perfect wedding or pizza party. Below you'll get answers to some of the most FAQs that get sent our way and we'll give you an idea of costs per pizza.

As always, if you would like more information please send us an email and we'll get back to you asap. Happy pizza party planning from us all at Ffwrnes Pizza.

How Does A Pizza Party Work?

To serve your pizza party we'll be with you for 2-3 hours (up until 11pm latest), and provide a choice of 4 pizzas. What tends to happen is that we try and offer an option for all your guests e.g. a Marinara (vegan), Margherita (Veggie) and either 2 x meat choices or a meat and different veggie choice. By doing this we can usually cater for all your guests but it's your party so the choice is yours, choose from our menu or make up your own! For the service we'll serve up the pizzas on platters and your guests can come back and forth and try a slice of everything in between chatting and drinking.

How Many Pizzas do We Need To Order? Should We Order A Pizza Per Person?

In our opinion you should look to cater for 60-80% of your guest numbers i.e. 60-80 pizzas for 100 guests, but you know your guests best, therefore we'll follow your lead. FYI pizzas are approximately 10 inches.

How Much Does It Cost To Hire Ffwrnes Pizza?

Our minimum order is 50 pizzas & maximum is 150 pizzas.
